Second Stanhope family left homeless as fire destroys house

STANHOPE — A second fire in eight days completely destroyed the home of Carl and Sharon Harrison and family last Friday evening shortly after 9:00 pm. Fire Chief George Wilson of the Stanhope Fire Department estimates the damage to the building and its contents at about \$45,000. He said the damage could have been considerably higher had a barn containing four horses gone up with the house. The barn was only 50 feet away from the house but firemen didn't allow the flames to spread.

"The fire was going for a considerable length of time before we arrived on the scene, said Wilson, or we might have saved part of the house.

Mr. Harrison and his family had gone out visiting friends just over an hour prior to the fire breaking out somewhere near the back of the basement near a wood stove and furnace. The fire chief said that just after his men arrived at the scene the main floor of the home collapsed over the two stoves. The exact cause of the blaze has not yet been determined pending an investigation by the local fire department and possibly the fire marshall's office.

Just eight days ago the home of Colin Barjarow, his wife and three children were left homeless when their chimney caught fire and totally destroyed their home and contents. The Barjarows home was located on the Barry Line north of the Stanhope Airport while the Harrison home was located on the North Shore Road, just a mile west of the airport.

Benefit funds have been set up in Stanhope for both families. Anyone wishing to help out these two unfortunate families with donations of food, money or clothing can do so by contacting Stanhope clerk Gerald Bain at the municipal office or Mrs. Pam Rolfe at Carnarvon Building Supplies.

Two bank accounts were set up this week for the Harrison family, both with the Bank of Commerce in Haliburton and Minden.

Celebrity Day shaping up for Big Bros. Bowl for Millions

CARNARVON — Celebrity Day for this year's first annual Big Brothers "Bowl for Millions" campaign is taking shape now and should be an outstanding show on Feb. 14th. The benefit and hard work for pledges being done by many throughout the county will go to all the little brothers who have no fathers.

To date four councils have joined the Celebrity Day list, Lloyd Walker of Anson, Hindon and Minden, Jim Harrison of Stanhope, Murray Fearrey of Dysart and Ron Gambell of Lutterworth.

Joining these four men on Saturday will be a challenge between Neil Burk of Ontario Hydro, Dave Camelon of Natural Resources and Al Barnes of the Minden OPP.

The Minden Rotary Club, Kinsmen Club and Haliburton Legion have also appointed one of their members to collect pledges and bowl on Saturday. Also taking part in this endeavour are Pat Lichty, Mae Wolfrain, John Pentney, Molly Lawson and Lorna Hicks.

Hopefully the service clubs in Haliburton will also join in to raise funds for the newly formed Haliburton County Big Brothers Association. Anyone else who would like to solicit funds for the Big Brothers can contact Al Oakley, Don Wolfrain or Ron Robinson, chairman of the Bowl for Millions committee.

Snoopy take a rest during parade

MINDEN — The streets of Minden were lined with 100s of people who turned out for the annual carnival parade

Saturday. One of the most popular floats was this one with Snoopy resting on top of his doghouse.

Kinsmen Winter Carnival one of best in years — President

MINDEN — The Kinsmen Winter Carnival is now history but will long be remembered as one of the finest ever. Not only were all the many events an unqualified success but for the first time in recent year's the weather co-operated as well.

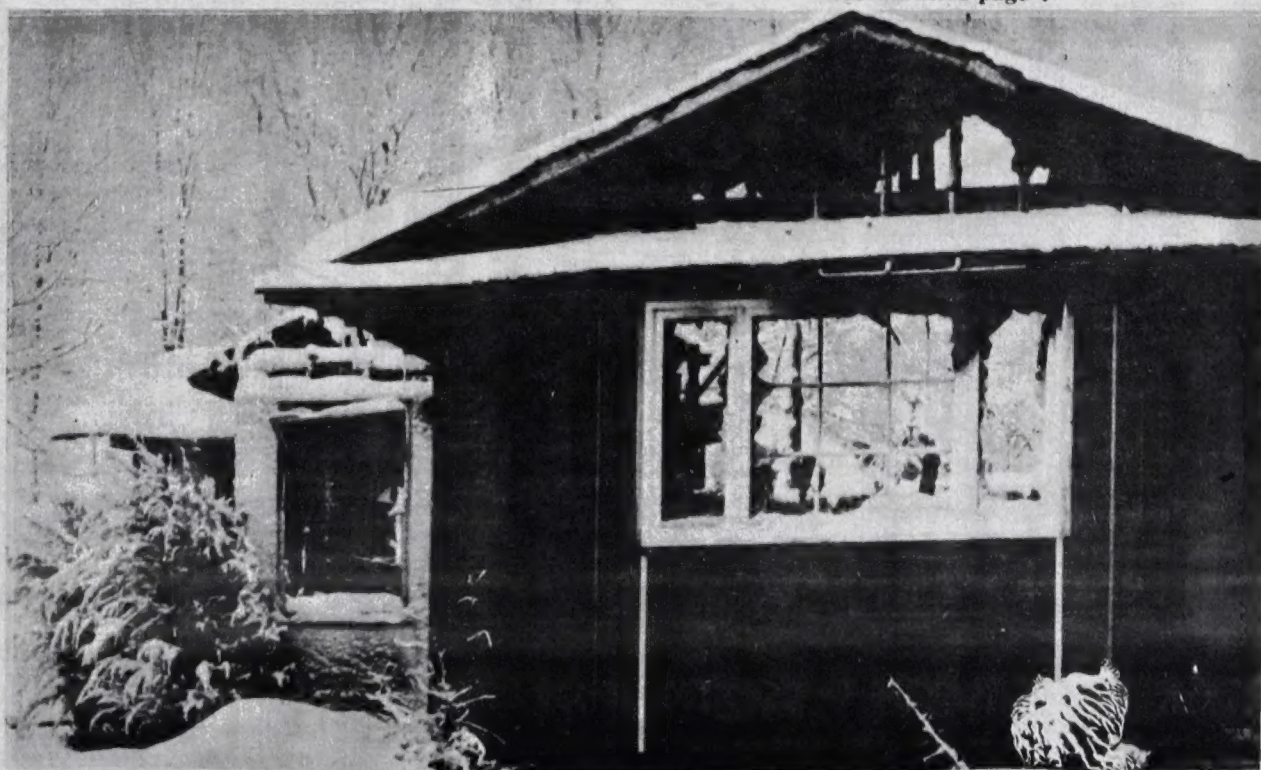

The carnival got underway on Friday evening with a figure skating presentation followed by the official opening of the carnival with many area dignitaries on hand including Bill Scott MP; John Eakins

MPP, Haliburton County Warden Murray Fearrey and Anson, Hindon and Minden Reeve Lloyd Walker.

Then it was the Carnival Queen Pageant where Sharon Gilligan 15, was chosen this year's senior queen and Shelley Bull 15, her princess. The 1981 junior carnival queen was won by Jenny Rendall 14, and runner-up princess went to Margaret Brown 13.

The evening was topped off with a sock hop at Archie Stouffer school for the younger set and entertainment at the community centre in the Crows Nest.

Saturday began with a novice hockey tournament at 8 am, a pancake breakfast, cars on ice races at South Lake and the popular Carnival Parade at See Carnival page 7

Harrison home is destroyed by fire

STANHOPE — This charred shell is all that remains of the Carl Harrison and family home on the North Shore Road in the Township of Stanhope. Damage has been estimated at more than \$45,000 to the building and its contents. The fire apparently started in the basement.

This was the second home destroyed by fire in eight day in the township. On Thursday, January 29th the home of Colin Barjarow burnt to the ground on the Barry Line north of the Stanhope Airport.

EDITORIALLY SPEAKING

Canada will cuddle kidnappers

Canada is in the forefront of western nations rushing to "normalize" relations with Iran now that the American hostages have been freed.

External affairs minister Mark MacGuigan said last week Canada will re-open its embassy in Iran and drop economic sanctions within a matter of weeks and that is shameful.

With indecent haste, the Trudeau government is ready to deal with Iranian kidnappers.

It is willing to forget that these assassins broke all rules of international diplomacy, seized innocent people and held them for ransom.

It is ready to forget that Canadians had to flee the country with American escapees and if they had been caught undoubtedly they would have been held hostage or possibly killed.

But largely, we expect, because Iran has lots of oil, we will snuggle up to the insane and brutal Ayatollahs.

We will show no pride. We will let the world know that we are prepared to bow to such scoundrels and we will signal to other outlaw nations that they too can kidnap and rob us without fear of serious reprisal.

Even the Americans expect to some day deal with Iran as a legitimate and responsible nation.

Undoubtedly other nations, which joined the boycott against Iran, will be coveting Iranian oil now.

But none with the shamelessness of Canada.

Coboconk OPP pickup and charge Niagara Falls men

COBOCONK — Two OPP officers here travelled to the Falls last week, where they arrested two men and brought them back to this area to appear in court. They have been charged with the break and enter of Simpson Motors in Kinmount which took place before Christmas.

Aurora man suffers broken ribs in single car collision

MINDEN — More than \$8000 in damages were set by OPP officers in two separate single vehicle collisions this past weekend. In one accident an Aurora man was taken to Minden hospital suffering from broken ribs.

Keith Gillham 48, lost control of his van on the Irondale Road Saturday afternoon at about 3:15 pm and the vehicle rolled over. Damage was set at \$6000 PC Boyd Jarvis.

Early Sunday afternoon another single car accident occurred on the snow covered South Lake Rd. Thomas Irwin Medlock 68, of Orillia lost control of his car, entered the ditch and struck a number of trees causing more than \$2000 in damage. PC Brian Dunham.

TIRES OF VAN SLASHED AT HOTEL

A member of the Blue Grass North band, that had been playing at the Dominion Hotel over the weekend, awoke Sunday morning to find three of his vehicles tires had been slashed overnight while the vehicle was parked in the lot.

Robert Hookey 20, of Toronto discovered the damages, estimated at more than \$300 as he was preparing to return to the city. PC Bill Clendenning BICYCLE STILL AWAITS OWNER

MPP John Eakins serving on Ombudsman, Justice committ.

Although the Ontario Legislature is in recess, John Eakins, MPP will be busy at Queen's Park all last month and for part of February. Mr. Eakins will be serving on a daily basis on the Ombudsman Committee and the Justice Committee. The latter has received a great deal of public attention recently because of its work looking into the collapse of the Re-Mor Investment Management Corporation which has raised questions about the effectiveness of the Province's Consumer Protection laws.

The Niagara Falls based mortgage firm left some 320 investors on the hook for several million dollars. Eakins said, "we are examining the role of the Ministry of Consumer and Commercial Relations and in particular the role of the Registrar of mortgage brokers in relation to the issuance of a brokers license to the corporation.

which was found in the Minden area last October, is still waiting for its owner to show up and identify it. The bicycle is presently being stored at the Detachment office.

SNOWMOBILE SAFETY

There are two rules regarding snowmobiles which may not be fully understood by persons in the area and both concern driving on roads:

1) No person shall drive a motorized snow vehicle upon the serviced roadway of any Provincial highway in the County of Haliburton unless that highway is numbered 500 to 899.

2) No person shall drive a motorized snow vehicle on any roadway in the County unless he has attained the age of 16 years and holds a drivers license or motorized snow vehicle license.

This law is something to remember in regards to the Feb. 7th Snowarama which takes place in part on serviced roadways.

Snow-Ploughs Restricted From This Super Highway!

BARRIE—A super-highway paved with snow will open January 17 in Ontario and snow-ploughs are the last thing travellers on the route want to see!

The five-hundred mile plus "highway" is a snowmobile trail running from Alexandria in Eastern Ontario to the Teeswater/Wingham area in the west.

"Sno-1" is the first in a series of snowmobile trails designed to let the snowmobilers of Ontario, and visiting snowmobilers, tour our province from east to west, north to south, by snowmobile," said Al Pross, Director of Public Relations for the Ontario Federation of Snowmobile Clubs.

"The 'Sno' series of trails," he said, "have been a dream in the minds of snowmobilers here for a long time, now with the opening of this first trail, our dreams are becoming reality. The designation 'Sno' stands for 'Snowmobile Ontario', and this in a nutshell, sums up the purpose of the trails."

"Thousands of miles of snowmobile trails have

existed for the past several years in the province, excellent trails, but trails that stopped abruptly and restricted the rider to a 'loop' type of ride. The snowmobiler started at point 'A', finished

at point 'A' and really didn't have the feeling of making a journey on his sled. As a matter of fact, many times the snowmobiler didn't really know where he was, or where he had been, until he arrived back at point 'A'.

Now, with 'Sno-1' a snowmobiler can literally travel across the province of Ontario on groomed, signed trails, stopping at accommodation points along the way, meeting new snowmobilers and expanding the enjoyment of his sport."

The 'Sno-1' snowmobile trail is open to the public and information regarding all aspects can be obtained by calling the offices of the Ontario Federation of Snowmobile Clubs at (705) 385-2773.

The trail, according to Pross, is a magnificent achievement not of

technology or complicated engineering, but rather a feat accomplished by people who enjoy their sport, who co-operate with each other and who want to share their enjoyment with others.

"The 'Sno-1' trail", he said, "is a fusing together of hundreds of miles of trails, maintained and operated by independent and OFSC member snowmobile clubs throughout the province. It was a matter of working with the clubs and the Ministry of Natural Resources, to interconnect the various existing routes. Of the five-hundred miles involved in 'Sno-1' only 84 miles of trails had to be built to connect the trans-provincial system."

"It's now what we call a 'touring-trail' with identification markers placed every half-mile along the route. Over 3000 'Sno-1' signs, supplied by the Ontario Snowmobile Industry Association, make the trails ideal for the novice snowmobiler. The new snowmobiler can ride on this system and know exactly where he is all the time. In the near future, with the co-operation of the Ontario Department of Industry, Trade and Commerce, we will be publishing 'trip-kit' maps of the entire 'Snowmobile Ontario' (Sno-1) series of trails."

According to Pross, a trip-kit map is actually a small booklet made up of individual maps giving details of a particular area. The 'trip-kit' map as a whole will guide the snowmobiler from one end of the trail to the

other, with specific information on the area he is travelling in.

'Sno-1', despite the fact it covers over 500 miles, travels on secondary roads for only

20% of the route; the remainder of the system is on scenic, groomed and maintained trails. Over 40 snowmobile clubs and more than 500 volunteer snowmobilers were involved in the work to complete 'Sno-1'.

According to Jim Derry, Director, Ontario Federation of Snowmobile Clubs, "the co-operation amongst snowmobilers has made this trail possible, and, more importantly, if it wasn't for the permission given to us from private land owners, the trail would simply not exist."

He went on to say, "the snowmobilers involved in this project are primarily representative of snowmobile clubs whose members may or may not be members of the O.F.S.C. They're snowmobilers who want to work together for the betterment of present participants in the sport and those who will join in the future. We like to think we're paving the way for others to join us in this sport that is contributing so much to the winter economy."

Our job on 'Sno-1' and the success we have had to date is very encouraging and we are working to get permission from the local clubs in the province to open additional trails within the next several years. With anticipated co-operation from organizations in the area we hope to open 'Sno-2', from Sault Ste. Marie to Massey, and, 'Sno-5' from Bobcaygeon to Pembroke, later this year."

The Ministry of Natural Resources has earmarked \$20,000. for expansion work on the 'Snowmobile-Ontario' series of trails.

Ontario Industry and Tourism Minister, Larry Grossman and James Auld, Minister of Natural Resources officiated at two simultaneous ceremonies held at the Eastern and Western ends of 'Sno-1' to officially open the trans-provincial snowmobile trail.

SHOCK TALK

Ice storms, high winds or fallen tree limbs can bring hydro lines down. And even a fallen wire that seems dead can be dangerous.

So don't go near the wires, warn others not to and report the fallen wires to your local hydro or the police as soon as possible.

If a line falls across your vehicle, stay inside until a hydro crew removes the line. If there's a live power line touching your car, putting even one foot on the ground can be a fatal move to make.

**Electrical safety
is no shock to you.**

Barkwell wins Town League

scoring championship for 1981

MINDEN — The men's town league regular season came to an end last week with Floyd Hall Insurance reversing their '79-80 season when they finished last in the league, to capture first place this season. The Hall team ended the campaign with a record of seven wins, four losses and a tie for 15 pts. They also had the only goals for plus record in the league, scoring 91 while yielding just 63. Helping his teammates was goaltender Randy Ellison who repeats as top goaltender with a 5.25 goals against average.

John Barkwell of the Rockcliffe Hotel had a real battle with Hartwick Construction's Dave Hartwick all season for the scoring title and it went right down to the last period of the final game when Barkwell picked up two points to win the title with 45 points to Hartwick's 43. Barkwell's record was built on 24 goals and 21 assists while Hartwick, who captured the goal scoring record, got his 43 pts on 25 goals and 18 assists. Third place was Leigh Bull of Rockcliffe with 20 goals and 18 assists for 38 pts, fourth was Steven Davies of Hall's with 20 goals and 13 assists for 33 pts.

Haliburton Highlands

the heart of getaway country

MNR Winter Trails program

With the winter season now upon us, recreational use of snowmobile and cross country ski trails is well under way throughout the district. Abundant snow fall and cold temperatures have provided excellent conditions for these winter activities.

Ministry of Natural Resources staff at Minden are responsible for maintaining ministry trails as well as for providing grants to local clubs to assist with maintenance of their trails.

The ministry '5 Points Recreation Trail' located in the eastern part of the district is about 114 kilometres in length

and is accessible from five different road access points where parking lots are provided.

Again this year grants are being provided to four local snowmobile clubs, namely the Haliburton County Snowmobile Association, the Twin Mountains Snowmobile Club, the Somerville District Snowmobile Association, and the Buckhorn District Snowmobile Association. These clubs maintain about 500 kilometres of well groomed public trails interconnecting with ministry trails.

For cross-country skiers, Minden District staff

maintain the Victoria County Forest Trail, located just west of Kinmount off Highway 503. This trail is approximately 9 kilometres in length and is suitable for both novice and experienced skiers.

Also, a grant is being provided to the Haliburton

Cross-Country Ski Club to assist in maintaining about 40 kilometres of public trail near the village of Haliburton.

The Minden office may be contacted for further information on individual trails in the district.

12 noon.

In the afternoon many events were staged including a Snowdeo, drag races for snowmobiles, log sawing, wrist wrestling, tricycle races for the kids, a 45 mile snowmobile safari, tug of war and a roast beef dinner at Zion United Church. At 8 pm, the Minden Monarch Oldtimers played an exhibition hockey game against Ennismore Oldtimers. The teams provided a very entertaining game and Ennismore came away the winners with a score of 13-5.

On Sunday the Kinsmen staged their first annual snowmobile oval races, which had to be shortened due to high winds and snow. The conclusion of the cars on ice races took place and Blue Grass North entertained at the Crows Nest.
